

**SET B252 INVERTO BY CERSANIT STREAMON WALL HUNG BOWL WITH DUROPLAST TOILET SEAT**

[COLLECTION INVERTO BY CERSANIT](#)

PRODUCT CODE:

S701-432

**Product description**

Set consisting of wall hung bowl and toilet seat. The INVERTO by Cersanit wall hung bowl StreamOn is a fusion of modern design trends, a refined appearance and a first-class ceramic material. The bowl features the innovative StreamOn swirl-action flushing system which first reverses the flow of water and forces it into a vortex. This action easily removes all soiling for superior hygiene. Extreme efficiency aside, StreamOn is a very quiet flushing system. The concealed fixtures improve the overall aesthetic quality of the toilet bowl. The soft-close INVERTO by Cersanit SLIM toilet seat is made of damage-resistant duroplast. The simple design provides easy cleaning, while the innovative One Button Easy-Off system helps detach the seat easily, at a press of a button. The softclose system makes dropping the seat very quiet without a jarring slam. With its lid closed, the lower INVERTO by Cersanit SLIM seat is completely concealed. The carefully designed profile of the toilet seat is all about comfort of use.

**Technical data**
