

## AQUA FRAME FOR WASHBASIN

### COLLECTION AQUA

PRODUCT CODE:

K97-409

### Product description

A steel frame for concealed washbasin installation. This model makes it possible to adjust the height of water-sewage connections. The frame is equipped with an outflow elbow allowing for its bottom or side adjustment as well as brass connection sleeves for angular valves. The foot can be rotated within the range of 360° (inwards, backwards and to the sides). The frame matches all Cersanit washbasins. Wall fixing kit included.
