Product description

The simple and clear lines of MILLE bidet faucets are the perfect finishing touch for modern-styled, minimalistic bathroom interiors. The bidet faucet from the MILLE collection has the Cersanit Water Save Aerator and a 35 mm ceramic cartridge which enables smooth control of the water stream. The ecological Cersanit Water Save Aerator aerates the water stream and limits the water flow to 6 l/min. The faucet is also equipped with 40 cm long flexible Eco EPDM connection hoses. The hoses are WRAS certified, which confirms their high quality. A special coating lines the inside of the hoses so the water does not change its taste or smell. The product comes with a 12-year warranty on the body and a 5-year warranty on the cartridge.
