Product description

Bathroom furniture from the VIRGO concept collection is a combination of functionality, elegance and modernity. The cabinets in this series feature chrome-plated metal handles that will blend perfectly with the rest of your bathroom furnishings. VIRGO wall tall cabinets are made of white varnished chipboard with a glossy finish. The furniture doors are fitted with hinges with „soft close” system with a wide opening angle of 165 degrees! This makes it easy to use the large mirror located on the inside of the door. Inside the cabinets there are also 4 practical shelves made of smoked tempered glass, and the surface of the back is covered with a delicate gray linen structure. The furniture is sold assembled.
