

ROCKLITE

CONUTERTOP WASHBASIN LARGA ELLIPSE (50X38) - ANTHRACITE MATT

[COLLECTION LARGA, LARGA CERAMICS](#)

PRODUCT CODE:

K677-014

Product description

Larga countertop washbasins are made from high-quality, lightweight and extremely sturdy ROCKLITE ceramic mass which easily withstands impact and loads. The wall rim thickness of countertop washbasin is just 5-6mm that makes these washbasins very light and modern in appearance. Silver Protect gives an antibacterial effect (silver ions in glaze) and optimal protection for hygiene purposes thanks to effective inhibition of bacterial growth. The unique, anthracite glaze of countertop washbasin Larga will emphasize the modernity and style of the room, and the dark shade will introduce an unusual atmosphere into the interior, which is an expression of style and an original approach to bathroom design.
