

LARGA DECK-MOUNTED HIGH WASHBASIN CHROME COLLECTION [LARGA](#), [LARGA FITTINGS](#)

PRODUCT CODE:

S951-392

Product description

The high LARGA washbasin faucet deck-mount mixer has a geometrical design with clear-cut edges. Thanks to the Cersanit Super Shine chrome coating, the tap is characterized by an aesthetic appearance, which makes it a stylish and elegant element of every bathroom. The Cersanit Super Shine coating also guarantees high surface durability even after many years of use. The faucet with a ceramic head with a diameter of 35 mm is equipped with a moveable Cersanit Water Save aerator which enables precise control of the soft and aerated water stream. It reduces water consumption and limits the water flow to 6 l/min. The faucet has flexible connection hoses 35 cm long with WRAS certificate of high quality - a special coating lines inside of the hoses so that the water does not change the taste and smell. The product is covered with 12-year warranty on the body and a 5-year warranty on the head. A key for the aerator is included in the set.

Technical data

Acoustic group	II
Assembly method	standing
Body height	29 cm
Colour	chrome
Connection hoses	flexible connecting hoses G 3/8 inch, length 350 mm, ECO EPDM, WRAS certificate
Diameter of the head	3,5 cm
Flow class	Z
