Product description

MILLE cabins is a series of Walk-in cabins that come in two color versions, chrome and black. Solid 8 mm tempered glass, aesthetic profiles and CleanPro coating are additional features that are worth paying attention to. * In the case of installing a free-standing walk-in cabin (glass on 3 sides), you need to buy a WALK-IN CABIN CORNER PROFILE (S900-2812 or S900-2811), which is not included in the set. ** The wall of the shower enclosure is designed to be mounted on a MILLE walk-in glass. Cannot be mounted directly to the wall.
