

SET C75: SHOWER ENCLOSURE WALK-IN MILLE 100X200 CHROME TRANSPARENT GLASS+ LINEAR DRAIN TAKO 90 STEEL

[COLLECTION MILLE, MILLE SHOWER](#)

PRODUCT CODE:

S601-247

Product description

A complete set consisting of a shower enclosure walk-in and a linear drain. MILLE shower enclosure has been crafted from durable 8 mm thick tempered glass, ensuring structural stability and safety of using. The glass is equipped with a protective hydrophobic coating CleanPro, effectively preventing the buildup of limescale and impurities. The support bar has two movable heads, which allows the cabin to be mounted at different angles depending on installation needs. The frameless design of the enclosure fits perfectly into the minimalist style, and chrome details with a subtly shiny finish emphasize modernity. The height quality of the product is confirmed by a long-term warranty. Shower enclosure walk-in, 200 cm height, 100 cm wide, with transparent glass. TAKO linear drain 90 cm wide was made of high-quality acid-resistant stainless steel, resistant to chemicals. The built-in siphon has a special basket that allows for quick cleaning of the drain from the top and ensures a fast water flow of up to 55 l/min. The drain has a double-sided, rotatable grate - so we can choose from two types of grate finish. On one side, it is made of steel, flat, brushed, or after moving the spacers and turning it, it has a place for gluing a tile. This solution makes it universal. The set with the linear drain includes all the elements necessary for its installation: sealing mat, legs and siphon. The legs are adjustable, which allows the drain to be installed while maintaining the minimum thickness of the floor. The drain also comes with a special key that can be used to easily lift the grate and parts of the siphon. The key has been designed so that after use it can be placed in the slot in the gutter of the linear drain, which will prevent it from being lost.

Technical data

Availability of spare parts (years)	yes (at least 3 years from the end of production)
Cleanpro coating	yes
Glass colour	transparent
Gross weight	47,6 kg
Height	200 cm
Legs included	yes
Lifting door	no
Material	glass, metal, plastic
Mounting kit	yes
Net weight	45,2 kg

Profile colour	chrome
Regulation of the wall profile	yes
Shower tray included	no
Siphon included	no
Soft close system	no
Surface hinge with glass	no
Thickness of glass	8 mm
Type of cabin	walk-in
Universal shower left/right	yes
Warranty	enclosure - 7 years / linear drain - 25 years
Water drainage from the shower door	no
Width	100 cm
EAN code	5901771129981
Product index	SZEZ1004041522
